

LÁSZLÓ PINTÉR

Dr. László Pintér is an internationally noted sustainable development and environment expert, author, speaker and practitioner with background in analyzing strategically important sustainable development and policy issues at the global and sub-global levels.

He is currently Professor and Head of Department in the Department of Environmental Sciences and Policy at the Central European University in Budapest, Hungary and Senior Fellow at the International Institute for Sustainable Development (IISD) in Winnipeg, Canada. Prior to joining CEU in 2010 he had been working full time with IISD since 1994, serving as Director of IISD's Measurement and Assessment Program between 2003 and 2010.

His interest is in the integration of science and policy in the governance and management of transition towards sustainability. He works worldwide and focused on how sustainability governance and strategies of adaptive socio-ecological systems are informed by knowledge and management tools and processes, such as indicators, integrated assessments, outlooks and policy relevant scenarios. His main current research interests are the implementation mechanisms associated with the sustainable development goals at sub-global levels and the design of forward looking integrated assessment and reporting systems. He is also interested in the transformative potential of nature based solutions in the urban context and assessing and addressing climate risks associated with investments in large scale infrastructure.

László has a PhD from the University of Minnesota, United States, a Masters in Natural Resources Management from the University of Manitoba, Canada, and a Master of Science in Agronomy from St Stephen University in Hungary. During 2000-01 he spent a year as Practitioner Fellow at the Belfer Center for Science and International Affairs, Kennedy School of Government, Harvard University. Currently he lives in Hungary with his wife and the youngest of their three children.

Born: April 6, 1964, Csorna, Hungary
Citizen of Canada and Hungary

EDUCATION

2002	Ph.D. School of Forestry and Natural Resources, University of Minnesota, USA
1994	Master of Natural Resources Management (MNRM) Natural Resources Institute, University of Manitoba, Canada
1988	Master of Science in Agronomy St. Stephen University, Hungary

EMPLOYMENT HIGHLIGHTS

- 2020-present Central European University – Private University, Department of Environmental Sciences and Policy, Austria
Professor and Head of Department (September 2020 -)
- 2010-2020 Central European University, Department of Environmental Sciences and Policy, Hungary
Professor (2010-2017)
Professor and Acting Head of Department (August 1, 2017-August, 2018)
Professor and Head of Department (August 2018 – September 2020)
- 1994-present International Institute for Sustainable Development, Winnipeg, MB, Canada
Senior Fellow (2010-present)
Director, Measurement and Assessment (2003-2010)
Senior Project Manager (2001-2003)
Project Manager (1999-2000)
Program Officer (1996-1999)
Research Associate (1994-1996)
- 2000-2001 Practitioner Fellow
Belfer Center for Science and International Affairs
Kennedy School of Government, Harvard University
- 1998 Sessional Lecturer (Sustainable Development: Tools and Methods in Practice)
Natural Resources Institute, University of Manitoba, Winnipeg, MB, Canada
- 1992-1994 Graduate Research Assistant
Natural Resources Institute, University of Manitoba, Winnipeg, MB, Canada
- 1992 Director, Marketing and Product Development
Deltaco RT, GreenBrown Division, Tatabánya, Hungary
- 1989-1992 Manager, International Sales and Marketing (1991-1992)
Research Associate (1989-1991)
Diagnostic Technology, Inc., Hauppauge, NY, USA
- 1989 Research Associate
R & D Enterprise in Fruitgrowing and Ornamentals, Fertőd, Hungary
- 1985-1988 Research Assistant
Gödöllő University of Agricultural Sciences, Dept. of Biotechnology, Hungary,

LEADERSHIP AND MANAGEMENT EXPERIENCE

- Head of Department at an internationally noted university in Austria, with oversight responsibility of recruitment, curriculum, research, HR, financial management, communication, outreach and finance (ca. EUR1M/year budget, ca. 10 full time and ~7 visiting faculty, ca. 5 research and admin staff, ~70 full time graduate students)

- Overall responsibility for all aspects of an applied policy research program of a high profile, internationally noted NGO
- Entrepreneurial experience as CEO of two boutique consultancies focused on sustainable development (Pinternational Inc. in Canada and Pinternational Kft. in Hungary)
- Management of program growth in terms of scope, thematic focus, budget at IISD (~\$1.3M/yr) and staff (5 full time, ca. 10 part time)
- Overall responsibility for program management cycle from strategic objective development through budgeting and fundraising, implementation, quality control, outreach/public relations, evaluation and learning
- Recruitment, contracting and performance evaluation of program staff
- Partnership development with major external partners and donors
- Contribution to institutional development as member of the group of program directors and management of horizontal (program to program) relations
- Extensive conference / workshop organization experience
- Contribution to developing the organization's (IISD) overall long-term strategy and responsibility for ensuring that short-term activities are in keeping with the long-term strategies agreed upon by the Board
- Lead role in developing strategies for selected new programs (Sustainable Natural Resources Management) and strategy for establishing IISD satellite offices (EU office)
- Management of Board relations from program point of view
- Extensive board experience

SELECTED PROJECT EXPERIENCE

2020-ongoing	<i>Sustainability measurement and assessment approaches in support of planning the 2025 SoE Report for Europe.</i> (Public Strategies for Sustainable Development for the European Environment Agency, project co-leader)
2020-ongoing	<i>CIVICA – The European University of Social Sciences: Crises of the Earth, Societies in Transition Theme</i> (CEU and CIVICA consortium, theme leader)
2020-ongoing	<i>Physi – Startup focused on commercializing the Urban Nature Explorer</i> (CEU Innovation Lab, founder)
2020	<i>The Future of GEO</i> (IISD for UNEP, project leader)
2019	<i>Capacity building for State of the Environment reporting in Afghanistan.</i> (Zoi International and UNEP Post-Conflict Unit, co-leader)
2018	<i>Assessing Climate Change in the Orange-Senqu Riverbasin: Review and Guidance for Assessment</i> (CRIDF/WYG International)
2017-2018	<i>British Columbia Climate Action Performance Indicators</i> (Delphi Group, member of Indicator Design Group)
2017-2018	<i>National Adaptation Planning (NAP) global network – Targeted Topics Forum, Fiji</i> (IISD and NAP, resource person on measurement and evaluation)
2016-2018	<i>Visualization of SDG indicators at the national and urban level</i> (IISD)
2016-present	<i>Nature based urban innovation – NATURVATION</i> (EU Horizon 2020, CEU work package leader)
2016-2017	<i>Climate resilient development pathways for multi-sector investment options related to hydrological infrastructure in Southern Africa.</i> (Adam Smith International, Climate Resilient Infrastructure Development Facility and IISD, team leader)
2016-present	<i>GEO-Politics – Intellectual history of UNEP's Global Environment Outlook.</i> (Independent research and book project, contributing author)
2016	<i>Accelerating and Rescaling Transitions to Sustainability – ARTS</i> (EU FP-7, CEU team leader)

- 2015 *Global Environment Outlook-6/Europe*. (UNEP, Coordinating Lead Author of outlook chapter)
- 2014-2015 *Web-COSI – Web Communities for Statistics for Social Innovation*. (EU FP-7 through the Italian Statistical Institute ISTAT, member of Advisory Board)
- 2014-2015 *SCP Indicators for the Future SDGs. Phase II*. (IISD and UNEP, contributor)
- 2014-2015 *MDG experience regarding land-related environmental issues and implications for the post-2015 development agenda*. (2015 World Economic and Social Survey / UN-DESA, project leader)
- 2014 *Niche Innovations for Sustainable Agriculture in Hungary*. (Dutch Environmental Assessment Agency and PATHWAYS project, case study coordinator)
- 2014-2015 *Governance of Sustainable Development Goals Implementations – National Case Studies in Viet Nam and Poland* (Asia-Europe Foundation and Hanns Seidel Stiftung, project leader)
- 2014 *Sustainable Development Goals and Indicators for a Small Planet* (Asia-Europe Foundation, project leader)
- 2014 *Sustainable Consumption and Production Targets and Indicators* (UNEP DTIE, IISD and CSIRO, contributor)
- 2013-2014 *Task Force on Assessment and Outlook of Economic Green Transformation in China* (China Council for International Cooperation on Environment and Development, CCICED; member of Task Force)
- 2013- *Global Value – Assessing the Impacts of Multinational Corporations on GLOBAL Development and VALUE Creation* (EU FP-7 through CEU Business School; contributor)
- 2013-2015 *Review of MDG-7 performance and lessons for the integration of the environment with non-environmental goals in the SDGs and post-2015 development agenda*. (UNEP; study leader)
- 2013 *Review of learning mechanisms of national environmental indicator systems*. (Environment Canada, study leader)
- 2013- *Impacts and Risks from Higher-End Scenarios: Strategies for Innovative Solutions – IMPRESSIONS* (EU FP-7 through CEU, case study leader)
- 2013 *Creating innovative sustainability pathways – CRISP* (EU FP-7 through CEU, scenario methods advisor)
- 2013 *Foreign investment contracts for farmland and water: Options for a sustainable future*. (IISD and SDC, contributor)
- 2013- *Navigating Sustainable Development for the 21st Century: Governance ‘of’ and ‘for’ the post-2015 development agenda*. (Tokyo Institute of Technology, chapter lead author on ‘political economy of measurement’)
- 2013 *Sustainable Development Goals (SDG) Creation in ASEM Countries*. (Asia-Europe Foundation, project leader)
- 2012-2014 *Capacity building and media training in support of GEO-5 results in Eastern Europe*. (UNEP and GRID-Arendal, project leader)
- 2012 *Estimated Budgetary Support and Tax Expenditures for Fossil Fuels in Hungary*. (OECD, project leader)
- 2012 *Cost of Inaction on the Sound Management of Chemicals in Sub-Saharan Africa report* (UNEP DTIE, Chemicals Branch, expert reviewer)
- 2011 *Scenario Summit – Internet Governance Forum*. (IDRC and IISD)
- 2011-2012 *Ecosystem Management – Concept to Local Scale Implementation Training Manual – Phase 2: Peer Review and Pilot Testing*. (UNEP-DEPI)
- 2010-2012 *Millennium Development Goals Fund – Knowledge Management*. (UNEP-DRC)
- 2010-2011 *China Environment and Development Outlook Feasibility Study*. (China Council, member of Task Force)
- 2010-2011 *Proposal to apply sustainable agriculture metrics to selected Western Canadian field crops*. (SERECON Inc.)

- 2010-2011 *Achieving national and sectoral development priorities: Using integrated environmental assessment tools for improved MEA implementation.* (UNEP-ROLAC and CARICOM)
- 2010-2012 *Global Environment Outlook 5, Chapter 9: Scenarios and Sustainability Transformation.* (UNEP DEWA, coordinating lead author)
- 2010 *OECD Agri-Environmental Indicators: Lessons Learned and Future Directions.* (IISD for OECD, project leader)
- 2010 *Incorporating environmental indicators into CIDA's Results Based Management Framework.* (CIDA)
- 2010 *Accountability through Measurement, 2nd National CSIN Conference.* (Environment Canada, Deloitte, Atkinson Foundation, Commissioner for the Environment and Sustainable Development, Government of Manitoba; conference chair)
- 2009-2010 *Ecosystem Management – Concept to Local Scale Implementation Training Manual.* (UNEP-DEPI)
- 2009-2010 *Review of the State of the Great Lakes (SOLEC) ecological indicators.* (Environment Canada)
- 2009-2010 *Bellagio STAMP – Sustainability Assessment and Measurement Principles.* (OECD)
- 2009-2010 *StoryGarden – A new tool for sustainability trends assessment and storytelling using semantic analysis.* (United Way of Winnipeg, SomaTV, Structured Dynamics LLC, Tactica Inc.)
- 2009-2010 *Hudson Bay Inland Sea Initiative – HBISI.* (NTK and Government of Nunavut)
- 2008 *Incorporating Sustainable Development into Alberta's Oil Sands Strategy.* (Oil Sands Sustainable Development Secretariat, Alberta Treasury Board)
- 2008-2009 *Development of a Performance Measurement System in Support of the Integrated Community Sustainability Plan of the Regional Municipality of Wood Buffalo, Alberta, Canada.* (Wood Buffalo Municipality and Sheltair Consulting Inc.; contributor)
- 2008-2009 *Comparison of the Agri-Environmental Performance of Canadian Agriculture with a Focus on Beef Production.* (Agriculture and Agri-Food Canada and Serecon Consulting, Inc.; contributor)
- 2008 *Developing an Indicator System for Winnipeg's Urban First Nations Community.* (Assembly of Manitoba Chiefs; contributor)
- 2008-2010 *Beyond Business as Usual: Promoting the Use of Sustainable development Indicators in Strategic Corporate Management.* (IISD Innovation Fund; Contributor)
- 2008-2009 *Evaluation of the Canadian Environmental Sustainability Indicator system (CESI).* (Environment Canada; contributor)
- 2007-2010 *BalatonTrend. Development of an Interactive Portal to Display Quantitative and Qualitative Information on Regional Sustainability.* (IISD; project leader)
- 2007-2008 *Canadian Index of Well-Being – Ecosystem Health Domain.* (Atkinson Foundation of Canada; contributor)
- 2007-2008 *Review of International Assessments (IPCC, GEO-4 and IAASTD) and their Relevance for Canadian Agricultural Policy.* (Agriculture and Agri-Food Canada and Guelph University; contributor)
- 2007-2008 *Ecological Goods and Services and International Policy – Phase I.* (MNP, Netherlands; contributor)
- 2007-2009 *Ecosystem Status and Trends Assessment for Canada.* (Environment Canada; Team Leader)
- 2006-2010 *Collaborative Initiative on Integrated Land Management.* (GEOconnections Secretariat, Environment Canada and Natural Resources Canada; contributor)

- 2006-2008 *Indicators for the Circular Economy in China.* (World Bank and National Development and Reform Commission, China; contributor)
- 2006-2008 *Evaluation of the implementation and impact of Manitoba's Sustainable Development Act.* (Manitoba Conservation; contributor)
- 2006-2009 *Evaluation of the Impact of the Sustainable Development Innovation Fund.* (Manitoba Conservation; contributor)
- 2006-2008 *Developing Canada's National Environment Outlook System.* (Environment Canada; contributor)
- 2005-2007 *International Forum for Assessing Sustainability in Agriculture - INFASA.* (Swiss University of Agriculture, AAFC, SDC; co-chair)
- 2005-2010 *Outcome Based Budgeting and Performance Measurement.* (Treasury Board Secretariat, Government of Manitoba; contributor)
- 2005-2006 *Review of Sustainable Development Strategies in OECD and Other Selected Countries.* (OECD; contributor)
- 2005-2006 *Strategy and Business Plan for Establishing IISD's Institutional Presence in the European Union.* (IISD; project leader)
- 2005 *Sustainable Development Indicators – Proposals for the Way Forward.* (United Nations Division for Sustainable Development; project leader)
- 2005-2007 *Performance measurement for local government in China.* (Task Force on Economic Growth and the Environment, China Council for International Cooperation on Environment and Development. (CCICED; member of Task Force)
- 2005-2009 *Lake Balaton integrated vulnerability assessment and adaptation strategies.* (UNDP, UNEP and Lake Balaton Development Council for the GEF; project leader)
- 2005 *Sustainable Development Strategy of the Republic of Hungary.* (Government of Hungary; contributor)
- 2004-2006 *Pilot Testing of the Canadian Biodiversity Index.* (Environment Canada; project leader)
- 2004 *Sustainable Development Indicator System for Yunnan Province, China.* (Scott Wilson, Ltd.; contributor)
- 2004-2007 *Social Indicators for Canada's Agri-Food Sector.* (AAFC; contributor)
- 2003-2004 *Developing a Strategy for IISD's Revitalized Natural Resources Management Program.* (IISD; project leader)
- 2003-2004 *Study of Sustainable Development Initiatives and Strategies in the Wake of WSSD and Beyond.* (GTZ, DFAIT, Environment Canada, UN-CSD, IUCN; contributor)
- 2004 *Ten-Year Assessment of the Information Products of the North American Commission for Environmental Cooperation.* (Stratos, Inc., CEC; contributor)
- 2003-2004 *Lake Winnipeg Water Quality Management through Revitalization of the Netley-Libau Marsh.* (Manitoba Conservation, University of Manitoba, Ducks Unlimited; contributor)
- 2003-2004 *Initial Proof of Concept Testing of the Canadian Biodiversity Index.* (Environment Canada and ESSA Technologies, Inc.; project leader)
- 2003-2005 *Yunnan Sustainable Development Action Plan.* (Yunnan Environment and Development Program, China and Scott Wilson Ltd., UK; contributor)
- 2003-2009 *Strategic Cooperation with Agriculture and Agri-Food Canada on the Agriculture Policy Framework and the Sustainable Development Strategy-III; Coordinator.* (AAFC; project leader)
- 2002-2010 *Peg - Community Indicator System for Winnipeg.* (United Way of Winnipeg; co-chair)
- 2001-2002 *Strategic planning for the Global Environment Outlook-4: SWOT analysis of the GEO process; comparative analysis of global environmental reporting*

- systems; and development of global capacity building strategy on integrated environmental assessment and reporting. (UNEP; project leader)
- 2001 *Black Sea de-eutrophication strategies.* (IREX and University of Minnesota; contributor)
- 2001-2002 *Romania Local Agenda 21.* (NCSO; contributor)
- 2000-2001 *Research and Assessment Systems for Sustainability.* (Harvard University; contributor)
- 1999-2000 *Envisioning positive community futures through appreciative inquiry.* (MYRADA and DFID, UK; contributor)
- 1998-2000 *Developing sustainability values and indicators for Canada's metals sector.* (Natural Resources Canada; contributor)
- 1998 *Development of SD indicators for Pakistan's Northwest Frontier Province.* (Pakistan Environment Program of IUCN and CIDA; contributor)
- 1997-98 *Sustainable development: Tools and methods in practice.* (Sessional instructor, Natural Resources Institute, University of Manitoba)
<<http://iisd.ca/educate/learn/nri/default.htm>>.
- 1997 *Development of quality of life indicators for the City of Winnipeg.* (City of Winnipeg; contributor)
- 1996-2001 *Global Environment Outlook-1 and 2000.* (UNEP; Collaborating Centre leader)
- 1997 *Review of performance measurement strategies and indicators in the context of sustainable development.* (Industry Canada; contributor)
- 1996-97 *Measuring sustainability in North American communities.* (Commission for Environmental Cooperation) ; contributor
- 1996-97 *Bellagio Principles for Measuring SD.* (Rockefeller Foundation; contributor)
- 1996-97 *Sustainable development of cities and regions – SUDECIR.* (STENUM GmbH, Austria; project leader)
- 1996 *Mackenzie Basin Impact Study - climate change impact on aboriginal lifestyle.* (Environment Canada; contributor)
- 1995-2010 *Sustainable development reporting for the Province of Manitoba.* (Manitoba Conservation; contributor)
- 1994-2010 *Compendium of sustainable development initiatives and publications.* (Environment Canada, Redefining Progress, World Bank, UN Division for Sustainable Development, International Sustainability Indicators Network; project leader)
- 1993-1994 *Community based comparative risk assessment in the countries of Central and Eastern Europe.* (Institute for Sustainable Communities, Montpelier, VT, USA; Consultant)
- 1992 *Lake Tata rehabilitation project.* (Tata Environment Protection Society, Hungary; Consultant)
- 1992 *Use of commercial humic materials in wastewater treatment and soil decontamination.* (Deltaco RT, Hungary; project leader)

HIGHLIGHTS OF TEACHING AND TRAINING EXPERIENCE

Sustainable management of socio-ecological systems (Masters level, CEU, co-instructor; 2017-present)

Sustainable development and global transitions (Masters level, CEU, main instructor; 2010-present)

Adaptive management and resilience of socio-ecological systems (Masters level, CEU, main instructor; 2010-present)

Industrial heritage as a source of social empowerment and economic revitalization (CEU Summer University, lecturer, 2020)

Green industry: Pathways towards the industry of the future (UNIDO-CEU Summer University, co-director; 2011-2018, 2020)

Transnational environmental politics: The food, energy and water nexus (Masters level, CEU; joint with Dept. of Political Science, co-instructor; 2013-2017)

Integrated environmental assessment (CEU, PhD level, main instructor; 2011-2015)

Adaptation governance: Spatial, temporal and cultural constraints and opportunities (CEU Summer University, co-instructor; 2011-2014)

*Sustainable human development: From international frameworks to regional policies (Summer University, CEU and UNDP; 2013)
Capacity building in participatory scenario development – Vietnam (World Bank; 2010)*

Capacity building for meeting commitments in multilateral environmental agreements (CARICOM; 2010)

Development of integrated ecosystem management training program (UNEP-DEPI; 2009-2010)

e-Learning program on integrated environmental assessment and reporting. (UNEP-DEWA; 2008-2010)

Central-East European and Central Asian customization of UNEP's IEA Training Manual. (Central European University and UNEP-DEWA; 2008)

Capacity Building for environmental assessment. (Prince Albert Model Forest Aboriginal Caucus; 2008)

Environmental stewardship planning. (Saskatchewan Environment; contributor; 2005-2007)

Capacity building for sustainable development in the Democratic People's Republic of North Korea. (IISD, IDRC; contributor; 2005-2006)

Capacity building for integrated vulnerability analysis. (Spatial Planning Bureau, Government of Yunnan; Scott Wilson Ltd.; contributor; 2005)

Capacity building workplan and training module development for the Global Environment Outlook (UNEP; project leader; 2003-2006)

Capacity building for integrated environmental assessment. (National Center for Sustainable Development, Romania and CIDA; contributor; 2003)

Training module development and pilot testing for integrated environmental assessment of country level environmental policy initiatives (World Bank Institute; project leader; 2002-2004)

Regional training workshops and regional / global train the trainer events on integrated environmental assessment and reporting. Cairo, Egypt (CEDARE); Central Africa (Libreville, Gabon); West Asia (Manama, Bahrain); East Africa (Nairobi, Kenya); Caribbean (Port Louis, Trinidad and Tobago; Panama City, Panama); West Africa (Accra, Ghana);

Indian Ocean (Quatre Bornes, Mauritius); Castries, St. Lucia (UNEP); Victoria, BC (Department of Water, Land and Air Protection, Government of British Columbia; project leader; 1998-2008)

AWARDS, FELLOWSHIPS, CERTIFICATES

2016	Hall of Heroes Award, Community Indicators Consortium, Washington DC
2012	Mespom Visiting Fellow, University of Saskatchewan, Canada
2010	Honorary Professor, Pannon University, Hungary
2010	15 years of service to IISD award
2006	Member of the Year, Balaton Group (International Network of Resource Information Centers)
2000	Global Environmental Assessment Practitioner Fellow, Harvard University
1997	Mitchell Young Scholar Award
1993	Careerstart Manitoba
1986-1988	Gödöllő University of Agricultural Sciences Scholarship
1988	English-Hungarian Agricultural Translator Specialist Certificate

CURRENT MEMBERSHIPS AND ADVISORY POSITIONS

- European Science Platform for Sustainability (ESPS; member of advisory board)
- ENVForum of the Asia-Europe Foundation (ASEF; member of Advisory Board)
- The Integrated Assessment Society (TIAS; member of Advisory Group)
- Balaton Group (a.k.a. International Network of Resource Information Centers, INRIC; member of Steering Committee)
- Great Transition Initiative (member)

LANGUAGES

Hungarian - mother tongue (C2)

English – fluent (C2)

German – basic user (A2)

PERSONAL

Married to Emőke Pintér, piano & yoga teacher; daughters Kamilla (25) and Margaréta (22), son Márton (18). Long distance runner, Marathon p.b. 2:33'26" (NY, 1989).
